

Science & Health Resource Center Catalog

Miscellaneous Items

EARTH SCIENCE

- Landform Models
- Rock Collection (Gr. 3-6)
- Solar Simulator (four-week check out time; non-electric, also in most school libraries)

LIFE SCIENCE

- Anatomy Apron (primary grades)
- Ant Farm (ants must be provided by teacher)
- Bioscope
- Butterfly Nets (6 nets)
- Choking Charlie
- Ear Model
- Eye Model
- Heart Model
- Human Torso (life-size model with cassettes)
- Kidney Model
- Lung Demonstrator
- Microscopes (2 per order)
- Poison Ivy (plastic embedded specimen)
- Projecting microscope
- Shell Collection

OTHER

- Balance Scales with metric weights
- Compasses (small, for student use)
- Goggles
- Household Scales
- Hot Plates
- Magnets (specify: bar, ring or horseshoe)
- Meter Sticks
- Thermometers (student and outdoor)
- Vernier Technology (for middle and highschool)
- Lab Pro Vernier boxes
- Logger Pro (version 2) User's Manual
- Logger Pro Tutorial Manual
- Middle School Science with computers manual
- PH sensors
- Light sensors
- Motion detectors
- Exercise heart rate monitors
- Temperature probes
- Quick reference Guide
- Getting started with Vernier CD
- Dual-Range Force Sensor

- Differential voltage probe
- Conductivity probe
- Chlorimeter
- Magnetic Field sensor
- Super Pulley
- Picket Fence
- Current Probe
- Gas pressure sensor
- Low-g Accelerometer
- Physics with computers manual
- Chemistry with computers manual
- Vernier Photogate
- Microphone
- Water Cycle Simulator
