RE: 2004-2005 Student Code of Conduct

We have reviewed the proposed revisions to the 2004-2005 Student Code of Conduct and approve of the changes:

- ▷ Page 1: Date changed from August 11, 2003 to June 14, 2004.
- ▷ Page 1: Inclusion of information about how to access regulations and exhibits.
- ▷ Pages 3 and 4: Discipline Authority is moved to precede Section II: General Misconduct. This allows for better flow of information (i.e., expectations, followed by disciplinary considerations and techniques, and then information about discipline authority).
- ▷ Page 8: Added sentence about the expectation that behavior interventions will precede removals for persistent misbehavior.
- ▷ Page 9: Deleted "serious or persistent misbehavior that violates the Student Code of Conduct" as an appropriate reason to continue a removal beyond the current school year.
